PCPeeper is a unique, powerful yet simple to use utility for monitoring child, employee, spouse and so on. PCPeeper also offers you an extremely useful security and privacy monitoring function that lets you receive all the recorded data via email or instant message. It can capture screenshots, keystrokes, mouse events and even the microphone so that you can get the real-time or history monitoring report on screen, so that you can perfectly capture the behavior of your child or employee. PCPeeper comes with a powerful functionality for screenshots monitoring. You can treat your computer as a surveillance camera and remotely view all screenshots and video clips instantly. It is an awesome utility for home security, family monitoring, parenting, employee monitoring and so on. PCPeeper, an inexpensive utility, is so perfect and easy to use that it is worth your money. Features: 1. Easy to use for monitoring: With the support of a simple, easy-to-use interface, PCPeeper can be used by beginners at ease. Just make sure your computer is logged on to it. PCPeeper can be controlled by you directly to capture screenshots at your interval and to output recorded clips through email or instant messengers. PCPeeper has three modes: Password Mode, Hot Key Mode, and Email Mode. The Password Mode will record everything at the password you set. The Hot Key Mode will capture screenshots with a hotkey you specify. The Email Mode will send the logs to your email address you specify. 2. The screenshots can be viewed remotely: After PCPeeper is started, you can select the file location and output interval to get screenshots. Then, you can view the screenshots and watch the recorded clips through your email or instant messenger. 3. Easy to use for emailing: You can email the logs to yourself at your interval. Then, the logs will be stored in a ZIP file for viewing with an archiver. 4. Accurate function of monitoring: PCPeeper records everything at the interval you specify. All the recorded screenshots will be stored in the zip file for viewing. PCPeeper is a powerful tool to monitor all the actions that your child or employee is doing on your PC, such as open files, web sites visited, emails, passwords, chat messages, and so on.

What's New in the?

PCPeeper is a powerful utility for secretly monitoring and recording all activities on your PC. It's a powerful utility for monitoring employees, children, spouse, and so on. Such monitoring acts so stealthily that the user won't know its existence. Log everything that goes on at your child's computer. Capture screenshots so you can literally see what they're up to. Have reports discretely emailed to your inbox. Run PCPeeper invisibly so only you know it's there. PCPeeper even takes screen snapshots at your interval like a surveillance camera, and you can output all the snapshots to a video file. PCPeeper is completely invisible to computer users - NO trace in Add/Remove Programs, Start Menu, Applications, Windows Task Manager, and on icons, shortcuts or other items. However, it is easy for you to unhide its main Program Control Panel with your hotkey and your password, and view the record secretly, or receive all records via a pre-set email address. ! "Don't even think about it!" "You should've told me, Dr. McElroy." "I could've saved the party." "What the hell's going on?" "I want you to stay the hell away from me!" "Everybody, please, get back!" "That's not going to happen." "If you had told me about your past, we could've stopped it." "Now we're all in jeopardy." "I'm not going to hurt you." "Right." "I've waited years to meet the legendary Ben McElroy." "Now we're finally alone together." "Show yourself, Ben." "Help me!" "Ben, Ben, please, help me!" "Come out and fight like a man!" "Come on, McElroy!" "I have to end this here!" "There's no one there, Helen!" "Then I guess I'll just have to do it myself." "No!" "Ben!" "Help!" "Oh, my God." "You're really real." "I was there." "I saw the curse come true." "I saw everything." "You were there?" "You saw the curse?" "No, I didn't, but..." "You didn't see the curse come true, Helen." "I did." "I did." "I saw it." "What did you see?" "I saw..." "I saw..." "Helen, what did you see?" "I saw..." "I saw..." "I saw the Beast." "I saw the Beast." "I saw..." "Come on, hurry!" "Let's go!" "No, he said we could be together again!" "Where are you going?" "We got to go back!" "Help!" "Help!" "Help!" "Why are we slowing down?" "What's going on?" "Get out of the car"
