### **Dictation Pro Free**

With the help of this free MS Office add-on, you can save time and effort on editing school and professional papers, reports and essays. All you have to do is dictate them, and the application will do the rest. WordPerfect® Dictation Pro Activation Code is a simple and easy to use add-on that will significantly increase your productivity. You can use this free WordWOP Add-On to transform your laptop into a fully functional dictation machine. Your dictation will be saved in Microsoft Word® - and any formatting will be retained for future references. Your work will be preserved from the changes that you make later, and you will

---

no longer need to re-type it, saving your time and energy. This WordWOP Add-on allows you to convert your Word docs directly from your Microsoft Word® to PDF, DOC or RTF formats, instead of retyping them. Introduction Just imagine that your cubicle mates suddenly decide to have a little fun and launch a joke at you on your birthday, or they just can't leave you alone! Then would you be able to say anything? Of course not! It's already different when you have to write down stuff, which you often hate or could even struggle with, and the people around you don't seem to notice. You should try out the Perfect dictation tool before you get in the situation, though. What is the Perfect dictation tool? It's exactly the same tool we mentioned in a review of the writing tool LiText 4 years ago. In short, the Perfect dictation tool enables you to save the text you dictate into any format or file type you like (e.g. DOC, RTF, TXT, PDF, etc.). Although your edited content can be changed any time you like, the original one will always be saved, thus saving your time and energy. What formats are supported by the Perfect dictation tool? As the Perfect dictation tool can save your text into various formats, you'll have to choose one you like for the best experience. Microsoft Word: You can save your written content into Microsoft Word format, and any formatting will be retained for future references. Microsoft Excel: You can save your written content into Excel format, and any formatting will be retained for future references. PDF files: You can save your written content into PDF files, and any formatting will be retained for future references. PDF/

Bloomberg: "The Bottom Line" to \$6.5 Trillion Debt Bloomberg reports today that "The Bottom Line": "the U.S. has racked up an extraordinary \$6.5 trillion in debt over the past seven years, according to John McClelland of Wells Fargo Securities LLC. It's a burden that will weigh on the nation's credit rating for years to come, he said." As a result of this astounding amount of debt, senior officials are told that credit for the near future is "at worst stable or at best improving," McClelland explains. Such levels of indebtedness will appear at some point in time in a "hugely disruptive way," he further warns. McClelland cites a survey showing "41% of small- and medium-size firms are now less optimistic about the future, compared with 23% before the recession. The survey

by consulting firm International Economy Advisors found the number of businesses seeing an increase in business risks has more than tripled, to 11% from 3% three months earlier.”

McClelland is certain, that with our current levels of indebtedness, “we will have a major financial crisis in the next decade.”

How to Learn The Basics of Hamstring / Straddle Shots

One of the best ways to become a better tennis player, and to feel good about that development, is to increase your comfort zone, that is, to get better at doing new things. One of the most comfortable things we can do on the tennis court, and one of the things we can get better at is the straddle shot, a shot where the player has a ball in her/his hands and is not touching the back wall of the court. Here’s a video explaining how to execute this shot: The straddle shot is a very important shot in tennis. There are basically four things the player needs to do in order to be able to successfully execute the shot: hit the ball with the correct amount of spin (the ball should skid along the strings and not bounce when hitting the ball); hit the ball with the
