verengijks ik hoort eerste uitleg van top3000 Important note: The above information and specifications are subject to change without notice. . Free Top3000 Universal Programmer software download. Top 3000 U Programmer is a total solution for EPROM programmer. It . I'm pretty sure I mis-typed that, but its for those that do not know.... smf20 only works with SEF, and SEF only works with smf20. I can't find any other info about SEF... hence my confusion... i've been using a SEF on my fresh 5.1.2 patch without problems... I have a working SEF on a fresh 5.1.2 p... but when i try to use it with a 5.1.7 patch, the

message (spoiler) says i need to update the
sef (i'm assuming the patch itself, not the
sef). I have my hiddies like i want them for
each patch, but i'm still confused. I have a
