The Elden Ring Game is a fantasy action RPG game developed by Nintendo, Inc. It is a product of the Nintendo R&D group. HISTORY The game was first announced to be in development for the Nintendo 3DS in March 2012. The game was titled as "RiME" at the time. In March 2014, the game was announced for the Nintendo 3DS and PlayStation Vita, and its subtitle was updated to "Rise of the Guardians: The Trials of Usagi". RISE OF THE GUARDIANS: TRIALS OF USAGI HAS STARTED. Beginning today, we are inviting you to play Rise of the Guardians: Trials of Usagi, and let our guardians battle to save the maiden Zelda. For this, we have prepared a "Wreath Quest", where the guardians who have ascended the Level Cap will face the goddess of the land, Usagi. Based on a similar concept to the recent game Trials Fusion, there is a parallel mode that will test your ability in the Trials Challenge and a different combat system that will enable the powers you learn to fully express. Since it has a visual novel where you will face the goddess in battle and endure many hardships, we would like your help to guide Usagi to the top. The fate of the land rests in your hands. As the story unfolds in the game, our developers are accumulating strength and technology to improve the game further. We are now seeking your support to guide Usagi towards the top. Thank you for your cooperation and we look forward to playing with you in the future. —Managing Director Hiro Maekawa

(File photo) NEW DELHI: Smriti Irani BJP general secretary and Union HRD minister, whose name is very popular in election speeches, was in Gujarat for a meeting and an event when her car got stuck in traffic on Saturday. The minister was reportedly sitting in her car listening to music and clicked a picture for her future use', said party sources. Her car got stuck near the new aviation terminal at Vadodara airport as a bus broke down. The car had an ideal position for taking a picture of the vehicle in the traffic jam. Before that, she had become the first woman to be elected to the Rajya Sabha from Gujarat. However, Irani is no stranger to road troubles.

She contested four times from Varanasi before she contested from Amethi from where she won in 2009. Last year, during the assembly elections, she contested from Ghaziabad and lost by a margin of 6,000 votes. The Assembly seat is considered to be of a leader's prestige and she needed that support. While she is yet to announce whether she will contest again from Ghaziabad, sources in the party said that she is keen to contest from Amethi. The seat is the most prestigious Congress seat in Uttar Pradesh and its loss is a blow to the party. Irani is not the first BJP leader to be caught in a photo-op.
