By Jayme Gaffey - "As a mother, I look at these companies, especially the 'mommy-tested' brands, and think, 'are they safe?'" She added, "The food is essentially the same whether they're packaged at mom and pop stores or gigantic corporations." "The question is, is it really?" I asked. "Yes, it is. We used to test with human infants, but our population was very small, so there weren't enough statistical differences to warrant expanding to pregnant women," she said. "Even with pregnant animals, we don't know their babies' outcomes. We can only extrapolate from the performance we see in their adult lives." She proceeded to give me a quick overview of some of the most popular brands of baby food and then allowed me to use the labs to go behind the labels, so c6a93da74d
