## 5.25 Media Dashboard Driver \_\_TOP\_\_

Another talk was from KEF Ltd. (San Dimas, CA 91781) at the Box 1 partner pavilion. Its Digital Signal Processor (DSP) plus two hardware DSPs can vastly improve the performance of any digital audio device, including a music receiver, a portable player or a PC multimedia player. Providers claim that WaveSurfer UE offers a more natural sound reproduction, with a more finely tuned sound, a richer, richer and more deep bass with less noise and more depth and that is the biggest feature that sets it apart from the competing products. The new UE offer an exceptionally realistic sound quality, all thanks to their custom-tuned high-quality drivers. From the smallest to the largest sounds, UE is designed to deliver the best performance. FCMS provides access to ACD, VRU, IVR, scripting and reporting interfaces via a number of drivers that use different protocols. This allows media dashboards, such as FEATN, to be built without knowing the precise media capabilities of the equipment. The device may be inoperative or disabled. Even if the alarm system is inoperative or disabled, the vehicle driver must be informed of any operating condition that could indicate a dangerous operating condition by:
