performed at galleries, museums, theaters, colleges, bars, and community centers throughout the puget sound area. sister north has brought together artists from various arts disciplines to collaborate on performing, sculptural, and visual art projects. the troupe has also used all of these arts disciplines to create educational and community programs. sister north has worked with students at seattle's public schools, the university of washington, columbia college, seattle community college, the university of puget sound, and the rainier beach guild of artists. 5ec8ef588b
